us apart.*

John Martin

DON'T TURN OUT THE LIGHT!

Your support for the mission of LeTourneau University is a light that shines brightly. The light burns because you're involved. Don't let the light go out. Your shining example of support can continue even beyond your lifetime to give light to future generations.

By arranging a bequest or other gift from your estate, you can extend your influence and perpetuate your support for quality Christian higher education at LeTourneau University. For helpful estate planning information or for a free consultation, contact John Martin at:

Being confident of
this, that He who
began a good
work in you will
carry it on to
completion until
the day of
Christ Jesus.

Philippians 1:6

On the cover...

A few of the more than 2,000 men and women who make up
the LeTourneau University student body. Students come from
47 states and 25 nations. More student pictures can be found on
pages 13 – 22.

1996 President's Annual Report

Dr. Alvin O. Austin
President

For those of us born during the first half
of this century, the year 2000 has always
seemed so very far away. But now it's
just around the corner. As unbelievable
as it sounds, freshmen entering
LeTourneau this past fall—assuming they
stay on a four-year schedule—will
graduate in 2000. The future, that nearly
mystical "Year 2000," is almost here!

Our theme this fall has been
"Fit for the Future." Homecoming, our
annual Partnership Banquet, and the
dedication of the Solheim Recreation and
Activity Center all reflected this theme.
We have completed our first 50 years,
and the future is before us. I am
reminded of Philippians 1:6, "Being
confident of this, that He who began a
good work in you will carry it on to
completion until the day of Christ Jesus."

We have begun a good work. With your
continued partnership, we believe God
will carry it on to completion. Highlighted
on the next pages are some of the
blessings of the past year.

President Austin, in his eleventh year of leadership at
LeTourneau, will take a brief sabbatical beginning in
January and concluding in late April. For several years
the Board of Trustees has encouraged him to take an
extended leave to maintain his freshness of leadership
and find time for some outside professional
replenishment. "I've hesitated to accept this generous
offer because of the many new programs and facilities,
the "Shaping Tomorrow" capital campaign and my own
enjoyment of my work, but I want to be prepared for
continuing leadership in the future. This is a good time
to refresh my spirit and resources for the years ahead,"
said Austin.

He will visit approximately one dozen colleges across
the U.S. that are doing some 'cutting edge' activities and
programs, catch up on his professional reading, and

focus on some issues of spiritual renewal. Dr. Austin's
wife, Sammie, will accompany him on his travels.

Austin has been in continuous educational leadership
roles for the past 27 years and has provided much
direction for local, state and national organizations,
including a term as Chairman of the Board of the
Coalition for Christian Colleges and Universities.

In the president's absence, Dr. Glenn Sumrall, provost
and vice president for academic affairs, will be the
officer-in-charge. "I have great confidence in his
leadership ability and in the strong support he will
receive from Cabinet officers and the academic division
chairs. LeTourneau University will be in good hands,"
said Austin. See page 22 for more information on
Dr. Sumrall.

1996 HIGHLIGHTS

❖ The dedication of the Solheim Recreation and Activity Center certainly leads our list of year-end highlights. The state-of-the-art facility has been very well-received by students, faculty, staff, alumni and the community. No single structure has had such a major impact on the campus during our 50-year history. The Center was funded through the "Shaping Tomorrow" 50th Anniversary Capital Campaign.

Four major accreditation/certification milestones were achieved in 1996

❖ Our regional accreditation was reaffirmed for the next 10 years (longest period possible) by the Southern Association of Colleges and Schools (SACS).

❖ During the same process, SACS accredited our first-ever graduate programs.

❖ The engineering program went through the ABET (Accreditation Board of Engineering and Technology) affirmation process. While the final report will not be in until next summer, the ABET team commended the engineering program, lead by Dr. John Busch, as "excellent . . . a model for a small engineering program."

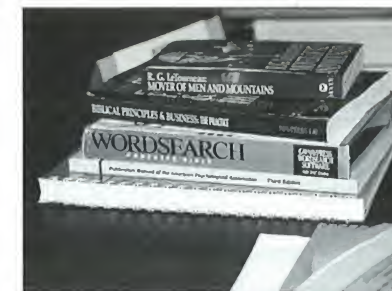

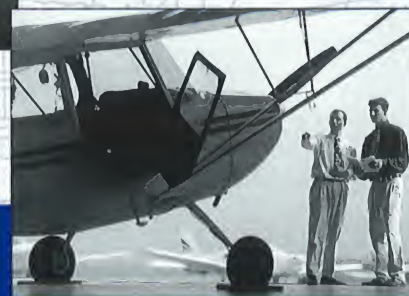

❖ After a careful review of our academic and flight components, the Federal Aviation Administration (FAA) re-certified our aeronautical and aerospace science programs.

❖ Significant changes are being made in our aviation and aviation maintenance programs to respond to changes in industry and FAA requirements. One of the most immediate revisions is a name-change to reflect our change in emphasis: The Aviation Maintenance program becomes Aerospace Science, chaired by Fred Ritchey. The Aviation Flight program becomes Aeronautical Science, chaired by Lauren Bitikofer. The change is not merely in program names; major curricular and operational changes are being made which will significantly enhance our programs and prepare our graduates for the 21st century.

❖ The three-year, \$16 million Shaping Tomorrow Campaign completed its second year ahead of our target. With one year left to go, more than three-quarters of the money—\$12 million plus—has already been raised. The final major goals of the campaign are to build a new Engineering Center and renovate/expand the Science Building. The campaign also includes funds for student aid and general program support.

❖ Two new degrees will be added to our popular Adult Program: a bachelor of business administration (B.B.A.) and a master of business management (M.B.M.). Dr. Robert Hudson, chair of the division of graduate, adult and continuing studies, will lead in the implementation of these majors.

❖ *Fall enrollment was the second highest in our history with a total of 2,059 students. That includes 993 in Longview, 579 in Dallas, 445 in Houston and 42 in Tyler. Since 1989 enrollment has nearly tripled—reflecting the strength of interest in LeTourneau University programs.*

We have a diverse student body with ages ranging from 14 to 63 years of age. The male/female ratio for traditional on-campus programs is at an all-time best: 2.9:1. Overall, the ratio is 1.6:1. Looking at all LeTourneau locations, 70 percent of our students are from Texas, and on campus 40 percent are Texans. The quality of students is excellent: SAT-centered scores average 140 points above the national average of entering freshman.

Not included in degree enrollment figures, but nevertheless impacted by LeTourneau educational programs, were the 800 adults enrolled in non-credit continuing studies courses and 1,600 young people enrolled in summer academic and athletic camps.

Our graduates continue to be highly sought-after in the marketplace and graduate school. National employers such as Boeing, Cardone Industries and Raytheon E-systems actively recruit our grads. We have placed students in the finest graduate schools including Georgia Tech., Purdue, R.P.I. and the University of Michigan. Our pre-med program is quite small, but continuing a tradition that goes back more than 10 years, once again 100 percent of those applying for medical school have been accepted.

❖ Under the capable leadership of Dr. Sharon Feaster, Teacher Education will add an elementary education program. We currently offer Secondary Education Certification in nine subject areas.

❖ The Board of Trustees also authorized the elimination of the Automotive Technology program. Low student enrollment was evidence that there was not sufficient student interest in this area of study. (The Automotive Society was not affected by this decision and will continue in operation.)

❖ More than 125 students, faculty and staff ministered during Spring Break at several locations in Mexico and three missions in the U.S.: the Master's Mission (N.C.), JAARS (N.C.), and HJCB (Ind.). Student Missions projects helped provide funding for six students to minister at the Atlanta Olympics, and assisted seven other students to go on missions trips to Europe, Venezuela, Peru, Hong Kong, Ecuador and North Carolina.

❖ 1996 was a glorious year for our athletic programs. In March, our women's basketball team, in only their second season, won the Big State Conference and made their first appearance at the NAIA National Tournament. The Lady Jackets, coached by Mary Ann Otwell, finished out at 20-11. The men's soccer team, coached by Steve Barrett, achieved their highest-ever number of wins (16-7-1), and the highest-ever level of success of any LeTourneau team. They earned a third place finish in the NCCAA (National Christian College Athletic Association) National Tournament, which was hosted right here at LeTourneau. The men's baseball team also set a single season win record with 32 wins and only 18 losses.

❖ Thanks to generous gifts from Tom Wilmeth and others, students are using the latest equipment in computers and technology, including 74 new Pentiums in five computer labs. Students, faculty and staff are now able to access the Internet on a 24-hour basis. Our Internet address—www.letu.edu—is regularly visited. There were more than 140,000 accesses to our Web server in October alone.

❖ Once again major national recognition came to the University in the form of ranking as one of America's Best Colleges in *U.S. News and World Report*. The publication also gave us top rankings in the "best value" and "most efficient" categories. We were also again recognized as a member of the Templeton Foundation Honor Role for Character Building Colleges, and listed in *Peterson's Guide to Competitive Colleges*.

❖ Community support of the University continues to grow. The most tangible evidence is the \$675,000 given in the "Longview for LeTourneau" campaign (our goal was \$500,000!), but other strong links include the President's Advisory Council, an area group of community and business leaders that works closely with the administration, and the Continuing Studies Advisory Board.

❖ We have had students studying in Russia and Israel and recently signed an agreement with the Family Institute of Focus on the Family to work with them on student programs.

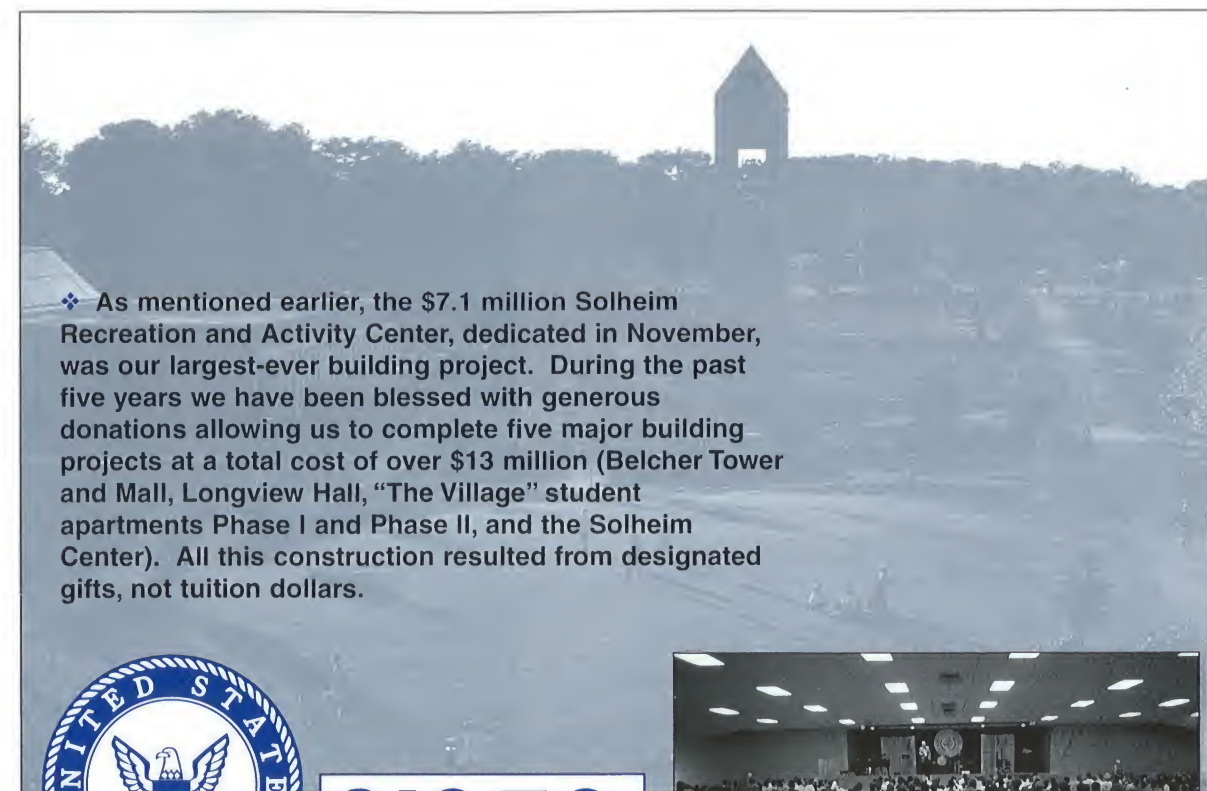

Plans are now underway for yet another building program: a new residence hall for women. The \$3 million structure should be completed in late 1997.

❖ We continue to work on a strong fiscal base. In the past decade our annual budget has grown from \$6 million to \$21 million, and every year we have ended with a balanced annual operational budget.

New faculty members have brought outstanding credentials and spiritual commitment. One of these, Dr. Yoni Adonyi, is our first-ever Ph.D. in welding engineering.

❖ As mentioned earlier, the \$7.1 million Solheim Recreation and Activity Center, dedicated in November, was our largest-ever building project. During the past five years we have been blessed with generous donations allowing us to complete five major building projects at a total cost of over \$13 million (Belcher Tower and Mall, Longview Hall, "The Village" student apartments Phase I and Phase II, and the Solheim Center). All this construction resulted from designated gifts, not tuition dollars.

❖ Although we are noted for the strength of our teaching, faculty members have also found time to involve themselves in research. Projects included work for NASA, the Federal Highway Safety Board, and the U.S. Navy, as well as many private companies. Mr. George Andrews, chair of the division of natural sciences, was one of only 100 professors in the nation to receive the prestigious Templeton Foundation "Science and Religion" grant.

❖ We continued our involvement with the Coleman Foundation, working with more than 100 future entrepreneurs through the L.I.F.E. (Leaders in Future Entrepreneurship) program. The program, lead by Paula Beach, director of continuing education, and Kim Russell, director of foundation and corporate relations, develops the entrepreneurial spirit through ongoing programs with area high schools.

❖ More than 100 chapel services blessed the campus community. Noted speakers included author and apologist Josh McDowell, singer John Fischer, missions expert Thomas Hermes, evangelist Dan Owens and discipleship trainer Waylon Moore.

❖ U.S. Senator Phil Gramm was the Longview campus spring commencement speaker.

While these are each concrete evidence of God's blessing, perhaps the richest blessing is the continuing strength of spirit and the spiritual vitality evidenced throughout the campus.

In formal settings and informal interactions between students, faculty, and staff, we sense a very real commitment to spiritual growth and development. Just as Paul commended the church at Philippi, we can see the good work that Christ began here at LeTourneau being carried out in the lives of our students and alumni.

"Thanks Again, Longview!"

"The Longview Campaign for LeTourneau University, more than successfully completed just six months after its announcement," reported LeTourneau President Alvin O. Austin in May. Our goal was to raise \$500,000, but thanks to a very warm and enthusiastic response from local friends, \$675,750 came in, exceeding the goal by more than 35 percent. We are very grateful for this wonderful show of support for the University.

The amount raised did not include an additional \$148,000 given by LeTourneau University faculty and staff. Together, \$823,750 was donated from the East Texas area.

The Longview campaign was part of the larger national 50th anniversary Shaping Tomorrow fund raising campaign.

Over 100 corporations, businesses and individuals have participated in the Longview campaign. Major donors include Longview Bank and Trust, Mr. and Mrs. Ben Cook, Mr. and Mrs. Tommy Barrow, Dr. and Mrs. Bill Hughes, Bank One, Pilgrims Pride, Longview National Bank, Scot Industries, City National Bank, SWEPCO, Texas Eastman, First National Bank of Longview, and Vertex.

"This result would not have been possible without the tremendous assistance of our Campaign Leadership Committee, co-chaired by Rogers Pope and Earl Roberts, Jr. These men and women worked closely with us to help achieve this stunning result," said Austin. Other members of the Longview Campaign for LeTourneau University Leadership Committee were: Linda Barrow, Tommy Barrow, Jim Baugh, Mark Boon, Delbert Bright, Wells Burton, Paul Folzenlogen, Lou Galosy, Henry Gossett, Lynn Graybill, Howard Hackney, Todd Holman, Keith Honey, Bill Hughes, Chuck King, Bart McCoy, Latricia Nichols, Paul Norton, Tom Richards and Brad Tidwell.

Solheim Recreation and Activity Center Dedicated Nov. 7

LeTourneau University's largest-ever construction project, the \$7.1 million Solheim Recreation and Activity Center, was formally dedicated Nov. 7, 1996 after 18 months of construction. The Center is a state-of-the-art fitness and sports complex which includes an indoor competitive pool, two gymnasiums, indoor running track, health and fitness equipment, tennis, racquetball and volleyball courts and much more.

The Center was a direct fruit of the Shaping Tomorrow 50th Anniversary capital campaign. Built completely with designated gifts, the Center is debt-free.

The dedication service included recognition of Karsten and Louise Solheim and John and Rhonda Solheim, for whom the Center is named. Also recognized were other major donors, including the J.E. and L.E. Mabee Foundation, Mr. and Mrs. Fred Steulder, Mr. and Mrs. Elliott Belcher, and Mr. and Mrs. Gus Davis.

Engineering and Science Facilities

Engineering Center
\$2,500,000

**Science Building
Renovation and
Expansion**
\$1,800,000

**Endowment to Support
the Ongoing Operation
of the Science and
Engineering Facilities
and Equipment**
\$500,000

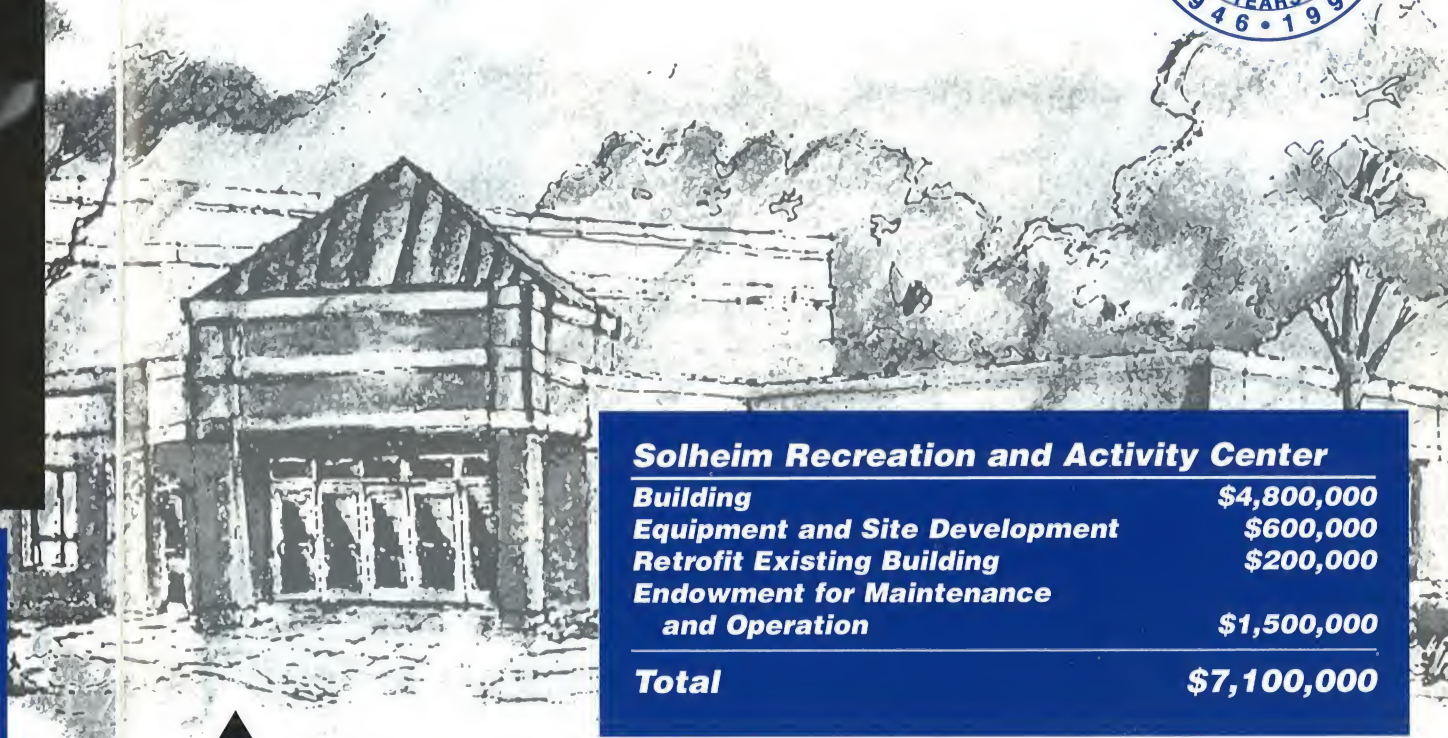

Total
\$4,800,000

The Engineering Center will include an academic building which will house faculty offices, a Computer Assisted Design (CAD) Center, several state-of-the-art engineering labs, and classrooms. We will continue to use the existing buildings for additional labs and design projects.

LeTourneau University

Campaign Surpasses \$12 million

Donations to the Shaping Tomorrow capital campaign now stand at over \$12 million, reports Dr. Alvin Austin. The campaign, which is a three-year, \$16 million effort, was announced in November, 1994.

Solheim Recreation and Activity Center

Building	\$4,800,000
Equipment and Site Development	\$600,000
Retrofit Existing Building	\$200,000
Endowment for Maintenance and Operation	\$1,500,000
Total	\$7,100,000

The Solheim Recreation and Activity Center was the cornerstone project of the Shaping Tomorrow campaign. It has improved and expanded service to our students, provided outreach to the community and serves as a catalyst to attract more young men and women to come and share the unique educational experience of LeTourneau.

The Science Building renovation and expansion will add a new wing to the present building, increasing the number of labs and classrooms. The present structure will be renovated to meet safety and access needs, and to provide an environment more conducive to learning.

General Program Support Annual Fund (3 Years)

\$2,600,000

To assure quality and help meet essential operating costs, the Annual Fund supports the nuts-and-bolts expenses easily overlooked when considering a financial commitment to the University.

The \$2.6 million represents annual support funds needed during the three years of the campaign.

The \$1.5 million raised as part of the Shaping Tomorrow campaign will have an immediate impact and continue to help students for many years to come by increasing our student aid endowment. Long after the gift is given as part of the campaign, the endowment interest from that gift will continue to benefit future students, shaping tomorrow's young men and women.

Longview, Texas

The individuals honored on these two pages have faithfully sought to honor God in word and deed, and have brought honor to LeTourneau University as well. The "Alumnus of the Year" and "Honorary Alumnus of the Year" awards recognize outstanding professional achievement, a dynamic Christian testimony and significant involvement with the University. These are the highest awards given by the LeTourneau University Alumni Association.

PETER McMILLAN **1996 Alumnus of the Year**

Peter is a career missionary with TEAM (The Evangelical Alliance Mission) serving in Venezuela. He graduated from LeTourneau in 1980, having earned a bachelor of science degree in physical education. He went on to earn a master's degree in Christian education in 1986. He first went to Venezuela in 1989 and began to make an immediate impact there. During the last seven years, he implemented a correspondence Bible training course for national pastors, developed a 50-acre year-round camp, started several churches, planted orange and mango fruit orchards to provide income for missions programs...and in his spare time has coordinated almost 20 short-term work teams from the United States. Peter's wife, Sharon, is a 1981 graduate (Recreation and Camp Administration).

Peter McMillan

Tom Wilmeth

TOM WILMETH **1996 Honorary Alumnus of the Year**

Mr. Wilmeth is chairman of SCOT Industries, an international honing and tubing company based in Lone Star, Texas. He is a good friend of LeTourneau and has a significant interest in technology. He has translated this interest into several significant gifts of high tech equipment and state-of-the-art computer labs. LeTourneau University is grateful for Tom Wilmeth and the leadership he has displayed throughout his lifetime. At age 83, he continues to play an active role in his company, and is known for his keen mind, curious nature, unlimited ideas, and his ability to solve a problem. He is a man of integrity and moral character, and has been a faithful friend to LeTourneau. His gifts have included a grant to automate the Library's card catalog, the CAD (Computer Assisted Design) Lab in Engineering, and two complete computer labs in Longview Hall.

Distinguished Service Award (Posthumous)

KEITH GLASS ('51) is being awarded a Distinguished Service Award posthumously. Keith was one of the University's earliest graduates completing an Industrial Science degree program. He returned to LeTourneau in 1968 and had been an assistant professor of welding until his death on July 23, 1996.

While still teaching full time, he returned to graduate school, completing a masters degree in technology from the University of Texas at Tyler in 1992. Keith went above and beyond the call of duty daily in his service to the University and to his church. He had great impact on the lives of his students and will be greatly missed.

Keith Glass

The University administration and Alumni Association recognize these Distinguished Alumni who are making a significant difference for the Lord in their work, for the University, or in other types of service.

DANIEL HOLLAND (ME '84), Meridian,

Daniel Holland

Mississippi, earns the Distinguished Service Award for his management and leadership expertise. Just three years after graduation, Dan and his father-in-law purchased a failing company called Clearspan Components. Dan turned the company around, and it has grown to be one of the top 20 building component manufacturers of its type in North America. Average growth during each of the past three years has been 25 percent. Dan is a lay leader in his church and an adult Sunday School teacher. He volunteers in his community as a member of the Rotary and Navy League.

JOEL NATWICK (AT '84), Port Alsworth, Alaska, earns the Distinguished Service Award for his ministry endeavors. Joel has flown in the Alaskan bush country for almost 11 years. He is the owner of an aircraft salvage and repair business, Tanalian Aircraft Repair. Joel and his wife, Lisa, organized and coordinated the Russian Ministry Outreach, reaching out in love across the Bering Strait to Russia. He has piloted over a dozen mission trips to Russia with the Ministry, as well as flying over many other missions teams. He and Lisa regularly have Russian students living with them in their home.

Joel Natwick

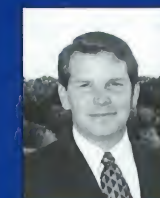

New Members of Board of Trustees

LeTourneau University welcomes these members to the Board of Trustees.

Bill Spain is a registered financial services representative and chartered financial consultant. He and his wife, Libby, are from Birmingham, Ala.

Rogers Pope is Chairman and Chief Executive Officer of Longview Bank and Trust. He and his wife, Joyce, are from Longview.

Patrick Bertsche is Plant Manager and part-owner of Camcraft, Inc. He is a 1989 graduate of LeTourneau, and he and his wife, Melanie, are from Hanover Park, Ill.

Wayne Trull has been re-elected to the Board. He is an architect and partner in Trull and Associates. He and his wife, Nancy, are from Magnolia, Ark.

With Gratitude and Thanks

The following alumni and friends made contributions to LeTourneau University during the period from July 1, 1995 to June 30, 1996. We deeply appreciate each and every gift and the many givers who make it possible to carry on the work of educating Christian young people. Rest assured that your gifts are used in a manner consistent with the sacrifice that accompanies them.
